Otherwise, the cellular telephones must not be used beginning when each team leaves the Start line each day until they arrive at the final Observation Checkpoint at the Finish Line that day. The use of a cellular telephone other than in case of emergency will result in a warning for the first offense, and penalties of 10 seconds for the second offense and 1 minute for further offenses. The use of a cellular telephone's clock, calculator, or mapping/positioning functions is prohibited at all times.

V.C.1.c Time Zones: The time of the time zone at the start of each Stage is used for timing and scoring throughout that Stage, regardless of time zone changes. (Don't forget, however, to reset your watch or clock before the next Stage start if the time zone changes.)

(1) The Hagerty Drivers Club Trophy Run and Stages 1 through 5 are on Central Daylight Time (CDT).

Your Race Car must remain in your hotel's parking garage, and the driver and/or navigator must walk to Kahler Grand to receive your Course Instructions. To set your clock, bring it with you. Race Cars must not travel on 2 Ave SW in front of Kahler Grand at any time Sunday but must depart their hotel eastbound on W Center St to begin the Stage.

VIII.C.1 A Special Display Area (also referred to as a parc fermé) has been designated in the start city, in overnight cities, and in the finish city; hours have been specified during which contestant vehicles must be in the Display Area. See I.D, Schedule of Events.

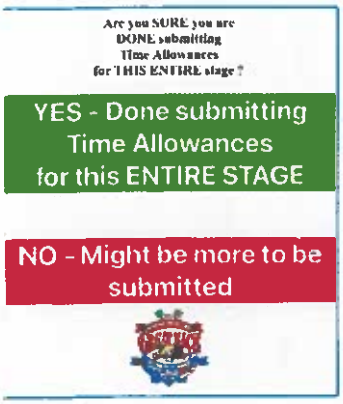
End of Route "Done" :

- If you don't have any additional time allowances to enter and you have reached the end of route instructions , you must be on the time allowance web page and scroll to the bottom of the page (see image on the right).



- Click on the red button containing the text stating that you have no more time allowances for today's stage.
- You will see a web page (on the left) asking to submit as this cannot be undone. Clicking on the green "YES" button will send a done message to the scoring team and will take you to a page showing that the "DONE" message has been sent. Clicking on the red "NO" button will take you back to the time allowance entering page. The done message informs the scoring team that your score card (timecard for the last stage) can be printed and given to you at the finish.

- Rotating the phone to make the screen wider may help in reading the timecard.
- Click on the yellow "DONE" button to return to the time allowance page.

Helpful Hints:

- The QR code maybe you fastest way of accessing the web page.

- Ensure you have a good cell phone signal to avoid having to re-enter data.
- Check that you received a confirmation message for any data sent .
